THE RADICAL FAERIE FOLK!**

The Radical Faeries of Albion have been gathering at Featherstone Castle since Imbolc 2006. We've held gatherings there in every season and have been regular Autumn visitors for some time - this year, for the first time, we will be manifesting TWO separate gatherings with different themes - and HERE ARE THE CALLS below.

Faerie Love Healing Retreat
@ Featherstone Castle
1st - 10th October 2024

Starting just before the Annular Solar Eclipse, New Moon in Libra, We gather for an Autumnal radical faerie retreat, taking time within, giving time to ourselves while held in the loving embrace of our magical community.

Through Meditation, Heart circles, Journeying, Drumming, Dance, Art and Ritual, we will share a 10 day (9 night) gathering of exploration, discovery and healing.

The intention here is to come together as a community to co-create a retreat space for 10 days, where heart circles, meditations and workshops are the focus, where we can take time to retreat into a shared community and our own space and detox from the outside world ...

Let's make this space an intentional space, be present with each other in nature, exploring a sober, non-digital, human experience.

This is an intersectional, inclusive space open to all Faeries who identify as Bi, Gay, Lesbian, Queer, Trans, Non-Binary and gender non-conforming.

We encourage everyone to come for the complete retreat if at all possible. Let's take a magical journey together.

This is not a party space. The invitation is to explore awareness and connection.

Your retreat faerinizers can be contacted at gatherings@albionfaeries.org.uk

Calling all Radical Faeries, Queer Spirits, Gay Witches, Faggot Farmers, Drag Druids, Walkers-Between-and-Beyond-Worlds, Ritual Diva Queens, Long-Time Heart Circlers, Fae Newbies, Wild Womxn, New-age and Old-age Enbies, Pagan Pansies, Lesbian Lightworkers, Transgender Priestesses, Queer Eco-Goddesses, Gender Fuckers, Shape Shifters, and Whoever Else You May Be...

Can you hear the clarion call reverberating deep within your heart? Come, let us journey together in the magical heartlands of Featherstone! Let us co-create a world overflowing with our faerie warmth, light, song and dance! 🗨️

As we glide together above the highest peaks, let us paint the skies with our imagination, expanding our hearts through play, curiosity and creativity. Let us come together in a supportive embrace, as we bravely descend into the mysterious depths of our souls 🧡

Returning once again, reborn with our newfound rhythm, we spiral up and intertwine in our collective song. Let the shimmering light of the moon illuminate our way, as we give ourselves permission to expand beyond the outer rings of consciousness - and rediscover once more, the boundless love of *our wild and true nature* 🧜‍♀️

This gathering is about having permission to explore the boundaries of our existence. To challenge old patterns and return with new perspectives. This is not a simple endeavour and requires awareness, consent and the utmost care and compassion for ourselves, the beings around us and the earth we call home 🌍
